OECD's 2011 survey of Slovenia's economy. This edition includes chapters covering the aftermath of the crisis, improving educational outcomes, and foreign investment, governance and economic performance. Slovenia has been deeply affected by the global crisis, but is now recovering gradually along with the rest of the OECD area. As Slovenia is a small open economy within the euro area, it is crucial for it to rapidly rebalance its economy and restore competitiveness. Slovenia is the only OECD country where spending per student at the tertiary level is less than that at lower levels of education. Further resources need to be directed to tertiary education where there is room for substantial OECD's 2011 survey of Slovenia's economy.
