When Wayne Harris contacts Detectives Stone and Dehan, of the 43rd Precinct's cold case unit, and tells them he has information relating to the Westchester Angel murder two years earlier, they agree to go and see him – at Rikers Island. It soon becomes clear that Wayne has genuine information. The Dead Cold Mystery Series I have read the first 10 books of this series. I have enjoyed each and every one. I like that the protagonists are not stupid, that there isn't hidden information - it's always there, you may just have missed it as some of the characters do.
