The Earth's magnetic field is steadily getting weaker, and scientists are warning that it could soon flip. If that happens, it will be a cataclysmic event beyond anything that we have ever experienced before. This is an odd one, and it is not your fault. It happens because Apple decided to allow the volume buttons on the iPhone 4 and iPad to be used for shutter and record start/stop functions. "The World Turned Upside Down" is an English ballad. It was first published on a broadside in the middle of the 1640s as a protest against the policies of Parliament relating to the celebration of Christmas. Parliament believed the holiday should be a solemn occasion, and outlawed traditional English Christmas celebrations. French street artist JR uses his camera to show the world its true face, by pasting photos of the human face across massive canvases. At TED2011, he makes his audacious TED Prize wish: to use art to turn the world inside out., Turn My World Upside-Down.
