The Berlitz Essential series is a really great introduction to a new language. I have the older version for German and recently ordered a new edition since they come with a CD of the dialogs. The product review on Amazon said it came with a CD. However, no CD included when the book arrived. So that's a total waste of my time and money. Bummer. This is a used book - there is no escaping the fact it has been read by someone else and it will show signs of wear and previous use. Overall we expect it to be in very good condition, but if you are not entirely satisfied please get in touch with us. Berlitz Essentials are comprehensive, self-teaching guides which provide beginning language students with a quick, practical, and simple approach to learning language for everyday situations. Berlitz Essential German: The Brand New Approach to Learning German from Berlitz by Adrain Morris. Berlitz. Paperback. VERY GOOD. Light rubbing wear to cover, spine and page edges. Very minimal writing or notations in margins not affecting the text. Possible clean ex-library copy, with their stickers and or stamps. ..., Berlitz Essential German Berlitz Essential.
