Bryan's Brain was a book I could definitely relate to and it brought back memories of my youth. I felt I was reading a book about me except for the part about being could at sports and being in shape. Description: "Come with me and explore my crazy brain, discovering my wild attempts at going back in time, cloning dinosaurs, starting private militaries, purchasing mountains, flying to Mars, making movies, selling videogames, and playing professional baseball. Come with me and explore my crazy brain, discovering my wild attempts at going back in time, cloning dinosaurs, starting private militaries, purchasing mountains, flying to Mars, making movies, selli... An extremely funny anthology of essays from Bryan Healey. Bryan leads us through a childhood full of obsessions....ranging from his attempts to build a time machine out of his mother's minivan, to deciding to buy his own private mountain, and his life's goal of opening his own dinosaur theme park., Bryan S Brain Volume I.
