This article introduces the concept of "China city tiers". Brought about by 20 years of rapid growth, labelling a Chinese city as "1st Tier" or "2nd Tier" is a convenient way to describe its level of development. View maps of the 6 China city tiers and discover which tier 338 different China cities are ranked under. Harbin (Manchu: Harbin; Chinese: 哈尔滨 Hā'ěrbān) is the capital of Heilongjiang province, and largest city in the northeastern region of the People's Republic of China. Holding sub-provincial administrative status, Harbin has direct jurisdiction over nine metropolitan districts, two county-level cities and seven counties. Tangshan (Chinese: 唐山; pinyin: Tángshān) is a largely industrial prefecture-level city in the northeast of Hebei province. It has become known for the 1976 Tangshan earthquake which measured 7.8 on the Richter scale, flattening much of the city and killing at least 255,000 residents according to official estimates. Here are China zip codes (post code) for all cities. When you want to send a letter from one city to another in China, make sure to fill both the two cities' zip code on the envelope., City Maps Wenshan City China.
