

Download Evolving Leaders A Model For Promoting Leadership Development In Programs

I've been writing about wacky leadership development programs for a while now. These are silly, ineffective, but well intended programs designed to teach leadership using all kinds of "creative" training techniques. There is no better way to imagine an effective professional development program than to see an actual example. For the past two years, Surry Community College in Dobson, NC, has been creating such a program. Some general concepts are universally important for leadership development. For an effective program that will give leaders insight into themselves and others, pretesting for learning style and personality characteristics are a must. The development of effective leaders and leadership behavior is a prominent concern in organizations of all types. We review the theoretical and empirical literature on leader and leadership development published over the past 25 years, primarily focusing on research published in The Leadership Quarterly., Evolving Leaders A Model For Promoting Leadership Development In Programs.
