I have always loved your use of black and white photography; it just suits your style so well. I don't use it often but when I do, I love the character that it lends to my images (especially portraits) – it's wonderful. Purpose of Using Filters. Color filters allow the black and white photographer to exercise some selective control over tone values. To this extent they can be an important tool in helping photographers realize their creative vision; to put on film what they see in their minds' eye. Your name in photography of nature and architecture. Beautiful Real Art™ Photo Letter Art Photography! Create a Personalized Alphabet Photography Gift they'll love. Rated #1 Unique Gift!, Photography Faqs Black And White.
