

Download Psychosocial Aspects Of Depression

Abstract. Depression in older adults can be treated successfully with psychotherapy. This article reviews the latest information on the effectiveness of two types of psychotherapy for late-life depression, cognitive-behavioral therapy and interpersonal therapy. Psychosocial definition is - involving both psychological and social aspects. How to use psychosocial in a sentence. Erikson's stages of psychosocial development, as articulated in the second half of the 20th century by Erik Erikson in collaboration with Joan Erikson, is a comprehensive psychoanalytic theory that identifies a series of eight stages that a healthy developing individual should pass through from infancy to late adulthood. Introduction Psychosocial assessments go beyond questions asked in a typical interview and allow the social worker guidance to describe the demographic, personal characteristics, history, and current biopsychosocial status of individuals seeking treatment (Comfort & Kaltenebach, 1995)., Psychosocial Aspects Of Depression.
