Combining historical analysis with far-reaching contemporary observation, Susan Jacoby dissects a modern America at odds with its heritage of Enlightenment reason and with 21st century knowledge and science. A cultural history of the last forty years, *The Age of American Unreason* focuses on the convergence of social forces—usually treated as separate entities—that has created a perfect storm of anti-rationalism. Susan Jacoby (born 1945) is an American author, most recently of the New York Times best seller *The Age of American Unreason* about American anti-intellectualism. She is director of the New York branch of the Center for Inquiry. There are few subjects more timely than the one tackled by Susan Jacoby in her new book, “*The Age of American Unreason*,” in which she asserts that “America is now ill with a powerful mutant ...,” *The Age Of American Unreason Susan Jacoby*.
