

# **Download The Origins Of The Modern World A Global And Ecological Narrative From The Fifteenth To The Twenty First Century**

JSTOR is a digital library of academic journals, books, and primary sources. The history of medicine shows how societies have changed in their approach to illness and disease from ancient times to the present. Early medical traditions include those of Babylon, China, Egypt and India. Around 1050, Cahokia experienced what one archaeologist has called a “big bang,” which included “a virtually instantaneous and pervasive shift in all things political, social, and ideological.”<sup>15</sup> The population grew almost 500 percent in only one generation, and new people groups were absorbed into the city and its supporting communities. JSTOR is a digital library of academic journals, books, and primary sources., The Origins Of The Modern World A Global And Ecological Narrative From The Fifteenth To The Twenty First Century.
