

Download Think Chapter 16 Answers

Exercise 16.7 . Write a class definition for a Date object that has attributes day, month and year. Write a function called increment_date that takes a Date object, date, and an integer, n, and returns a new Date object that represents the day n days after date.No one really knows the next chapter of your life. But the things you will do now will lead up to the next chapter of your life. Whether good or bad...always look to a positive future.I feel the need to disclaim that certain parts of this chapter are not meant as "bashing". It's not that I have a grudge, the story just writes itself and once you start dropping anvils on a character it's hard to stop., Think Chapter 16 Answers.
